

Remarketing, Documentation and more ...

As a valued kruellcom customer you can optimise your business operations significantly through the procurement of new / refurbished data and telecommunications technology as well as kruellcom's broad range of remarketing / repair and documentation / translation services.

Remarketing & Repair

In the remarketing/repair business arena kruellcom buys, supplies and repairs components and equipment (including end-of-life items) of e.g. the following manufacturers:

- > ADVA Optical Networking (Adtran) / MRV
- > Alcatel-Lucent
- > Avaya / Ciena / Nortel Networks
- > Cisco Systems
- > ECI Telecom / Ribbon
- > Edgecore
- > Extreme Networks
- > Foundry Networks
- > Hewlett Packard
- > Huawei Technologies
- > Juniper Networks
- > Keymile
- > Marconi / Ericsson
- > MICROSENS
- > Nokia Siemens Networks
- > ...

Documentation & Translation

Here kruellcom provides technical translations into and from German, English and French:

- > Data sheets, white papers, requests for proposal, contractual documents (Service Level Agreements etc.), press bulletins, customer references ...
- > Web page translation / localisation
- > Delivery in Word or Adobe format; web- and print-ready upon request

We'll be pleased to talk about the purchase of your used equipment.
